Reduce Waste & Disposal Costs with Herkules Can Crushers

Walled Lake, Michigan, March 22, 2006. Herkules Equipment Corp. manufactures 100% air-operated Can Crushers for all types of cans up to 5 gallon size, providing an efficient method for reducing waste & disposal costs. The cans are reduced to 90% of original size in seconds. Herkules' Crushers are explosion-proof and are equipped with an operator safety function ensuring the door latch is closed before the crushing mechanism is activated.

Herkules' model HCR1 crushes 5 gallon cans or multiple smaller sized cans, and is equipped with an automatic ejection plate allowing crushed cans to fall directly into a disposal drum located under the crusher's stand. Bench models HCR2 and HCR3 are also available.

For more product information, please contact Herkules at **800-444-4351**, or at info@herkules.us or visit our website at www.herkules.us.

Herkules Equipment Corporation, established in 1984, is a leading manufacturer for the Automotive Paint & Body Repair industry, having designed, manufactured, and patented the first Paint Gun Washer. We also manufacture pneumatic lifting equipment, including various models of vehicle lifts and industrial lifts for improving ergonomics. Other equipment we supply includes; Oil Filter Crushers, Aerosol Can Crushers, Air Jacks, Handling Equipment, Infrared Curing Lamps, and Vacuum Systems.
